RESHMA M

Software Development Engineer

Chennai, Tamil Nadu, India | +91 70925 10149 | mohan1973cm@gmail.com | linkedin.com/in/reshma-mohan01 | github.com/Reshdeep110

PROFESSIONAL SUMMARY

Software Development Engineer with hands-on experience delivering full-stack web applications and ML-powered features for production clients. Experienced Technical Trainer in Java Full Stack Development and Data Structures & Algorithms, skilled at simplifying complex concepts, mentoring learners, and driving strong learning outcomes through hands-on, practical instruction. Adept at building responsive front ends and reliable backend systems, owning projects end-to-end, and translating stakeholder needs into scalable technical solutions.

TECHNICAL SKILLS

Languages: Java, DSA, Python, SQL, JavaScript, HTML5, CSS

Frameworks & Tools: Spring Boot, Bootstrap, PHP, Git, GitHub, JDBC

Databases: MySQL, SQL (schema design, query optimization)

Core CS: Data Structures & Algorithms, OOP, Collections, Exception Handling

Machine Learning: ML model integration, regression & time-series forecasting

Practices: Full-Stack Development, Agile Collaboration, Technical Mentoring, Client Communication, End-to-End Project Delivery.

PROFESSIONAL EXPERIENCE

Technical Trainer – Java Full Stack & DSA — Wrench Wise

July 2026 – Present

- Deliver instructor-led training in Java Full Stack Development, covering Core Java, OOP, Collections, Exception Handling, JDBC, SQL, HTML, CSS, JavaScript, and Spring Boot.
- Conduct hands-on Data Structures & Algorithms training spanning arrays, strings, linked lists, stacks, queues, recursion, sorting, searching, hashing, sliding window, and backtracking.
- Design industry-aligned coding exercises, assignments, and assessments that strengthen learners' programming fundamentals and problem-solving ability.
- Mentor learners through live coding demonstrations, evaluating progress through structured assessments and targeted feedback.

Software Engineer — FyndSol Consulting LLP

Jun 2025 – May 2026

- Independently designed and developed the company's official website using HTML, CSS, JavaScript, and PHP, delivering a fully responsive, cross-browser-compatible site.
- Delivered end-to-end websites for multiple clients — owning requirements gathering, UI/UX design, backend implementation, and production deployment for each engagement.
- Built and integrated an AI-based inventory forecasting module using machine learning models to analyze demand patterns, improving inventory planning accuracy for clients.
- Partnered with stakeholders through iterative design reviews and delivered data-driven dashboards, consistently completing projects on time and within scope.

Web Development Intern — CodeBind Technologies Pvt. Ltd.

2024

- Completed a hands-on training program in front-end and back-end web development, applying HTML, CSS, and JavaScript through practical coding assignments.

PROJECTS

Smart Trading & Stock Forecasting System | *Python, Machine Learning | 6 Months*

- Built a stock price prediction system using regression and time-series ML algorithms, with a data processing pipeline for financial visualization to support trading decisions.

Daily Expense Tracker | *HTML, CSS, MySQL | 3 Months*

- Developed a web-based personal finance application with an intuitive UI for recording, categorizing, and managing daily expenses.
- Served as Database Lead: designed the MySQL schema, wrote optimized queries, and maintained data integrity across the application.

EDUCATION

B.E. — Computer Science & Engineering *2021 – 2025*

Jerusalem Engineering College, Anna University | Aggregate: 84.6%

Higher Secondary Certificate (HSC) *2021*

Holy Family Convent Matriculation Hr. Sec. School, State Board of Tamil Nadu | Score: 84%

Secondary School Leaving Certificate (SSLC) *2019*

Brilliant Matriculation Hr. Sec. School, State Board of Tamil Nadu | Score: 78.4%

CERTIFICATIONS & TRAINING

Java Full Stack Development (Blue Ball Technology) • STEP Program (Hindu Group) • Career Mentoring Program (Intercell) • Implant Training in Web Technology • Python Programming (Online Certification)
